# SDG 7: Ensure access to affordable, reliable, sustainable and modern energy for all

## 7 AFFORDABLE AND CLEAN ENERGY

SDG 7 calls for ensuring universal access to modern energy services, improving energy efficiency and increasing the share of renewable energy. To accelerate the transition to an affordable, reliable, and sustainable energy system, countries need to facilitate access to clean energy research, promote investment in energy infrastructure and clean energy technology.

# WIND POWER

## THE FUTURE OF ENERGY

Wind turbines provide a clean renewable source of energy and a solution to our energy problems

# SDG 13: Take urgent action to combat climate change and its impacts

## 13 CLIMATE ACTION

SDG 13 seeks to implement the commitment to the United Nations Framework Convention on Climate Change and operationalise the Green Climate Fund. It aims to strengthen countries' resilience and adaptive capacity to climate-related hazards and natural disasters by integrating climate change mitigation and adaptation measures into national strategies, policies and planning.
